WHY THE MN GOP AND SWIPERED

- You texting, calling, or direct messaging people you know about voting in the MN Presidential Primary, is **2.5x more effective** than a conversation between strangers.
- People take calls from friends or engage in a movement when asked by a friend. Conversations with friends have an average contact rate of **8 times higher** than cold outreach.
- Conversations with people you know are worth **10x more than a door knock**.

Syncing your contacts gives you the power!

No one sees your contacts. Syncing helps you share messages to the people we need to hear from the most.
